

NEWSLETTER AUGUST 2020

Dear Parents

Thank you's

Thank you for assisting students in the lockdown with their work that was set out for them to do. I do believe that you now know that teaching is a calling.

A huge thank you to a dedicated team of tutors that guided these students through the most difficult time we ever experienced.

Thank you to each parent that donated towards our **Covid screens**. It was a great help. We have received 30 screens so far.

As from the **1 September 2020** – we would have phased back majority of our grades. Tutors in the Primary phase has also made themselves available in the afternoons until 16h00 for students that have fallen behind or need extra lessons.

Aftercare will not be open until Level 1. If students are selected to stay for a full day – ensure they have a lunch packed – our tuckshop will be open for snacks.

FEES: Tutoring, Zoom lessons, printing of assignments and tests, dropping off assignments, collecting files – whatever it took – **THE STUDENTS EDUCATION WAS OUR PRIORITY.**

We now call on parents with outstanding balances to make sure these outstanding fees are paid – The Bridging Gap cannot function on love only. Students will not write the end of the Year Exam if not brought up to date. **Blacklisting with TPN Credit Bureau.**

11/1/2021	OPENING FOR STUDENTS	

MEMORANDUMS OF TESTS:

Please do not give students the memorandums for any tests – as this give us an indication of what the students is not coping with and assistance can be offered. The student is set up for failure in the FET phase as the fundamental foundation has not been laid.

2021 ENROLLMENT:

We would like to find out which students will be returning in 2021 by end of September 2020. We have a waiting list from public schools and would like to accommodate our students first.

Pricegiving :

We will not be hosting an official price giving this year – due to Covid19 regulations and financial reasons.

If there are any uncertainty please contact me.
